NEW JERSEY BOARD OF  
CHIROPRACTIC EXAMINERS

OCT 18 1990

FILED

STATE OF NEW JERSEY  
DEPARTMENT OF LAW AND PUBLIC SAFETY  
DIVISION OF CONSUMER AFFAIRS  
BOARD OF CHIROPRACTIC EXAMINERS

In the Matter of the Suspension  
or Revocation of the License of

LEONARD VERNON, D.C.

To Practice Chiropractic  
in the State of New Jersey

Administrative Action

ORDER TO SHOW CAUSE

This matter having been opened before the State Board of Medical Examiners upon its review of a Final Decision and Order rendered February 14, 1990, a copy of which is attached and incorporated in this document by reference, directing Respondent to make certain payments of monies to that Board as set forth in that Order, and it appearing upon review of receipts that Respondent has failed to comply with said order by making the payments required either to that Board or to this Board as its successor, or to present a plan for proposed community service as required, and it further appearing that upon attempted demand, by Certified Mail, that Respondent fulfill the conditions set forth in that Order, that Respondent has failed to accept delivery of the letter containing such demand, it is on this 18 day of October, 1990,

ORDERED:

1. Respondent shall appear before the Board of Chiropractic

Examiners at 1:00 a.m. on November 15, 19990, at 1100 Raymond Boulevard, fifth floor, Newark, New Jersey, to show cause why the license to engage in the practice of chiropractic heretofore issued to Respondent should not be suspended or revoked for failure to comply with the prior Board's Order, and to show cause why such remedial measures as may be authorized by law, including but not limited to interest and additional assessment of civil penalties and costs should not be ordered.

2. Failure to appear as directed above without good cause may result in the immediate suspension by this Board of the chiropractic license issued to Respondent, without further proceedings.

NEW JERSEY STATE BOARD OF CHIROPRACTIC EXAMINERS

By: 

Jay J. Church, Executive Director

**DIRECTIVE REGARDING FUTURE ACTIVITIES  
OF MEDICAL BOARD LICENSEE WHO HAS BEEN DISCIPLINED**

A practitioner whose license is suspended or revoked or whose surrender of license with or without prejudice has been accepted by the Board shall conduct him/herself as follows:

- 1) Promptly deliver to the Board the original license and current biennial registration and, if authorized to prescribe drugs, the current State and Federal Controlled Dangerous Substances registrations.
- 2) Desist and refrain from the practice of the licensed professional in any form either as principal or employee of another.
- 3) Inform each patient at the time of any inquiry of the suspended or revoked or retired status of the licensee. When a new professional is selected by a patient, the disciplined practitioner shall promptly make available the original or a complete copy of the existing medical record to the new professional, or to the patient if no new professional is selected. Such delivery of record does not waive any right of the disciplined practitioner to claim compensation earned for prior services lawfully rendered.
- 4) Not occupy, share or use office space in which another licensee practices a licensed health care profession.
- 5) Desist and refrain from furnishing professional services, giving an opinion as to the professional practice or its application, or any advice with relation thereto: and from holding him/herself out to the public as being entitled to practice the profession or in any way assuming to be a practicing professional or assuming, using or advertising in relation thereto in any other language or in such a manner as to convey to the public the impression that such person is a legal practitioner or authorized to practice the licensed profession. This prohibition includes refraining during the period of suspension or revocation from placement of any advertisement or professional listing in any advertising medium suggesting eligibility for practice or good standing, such as listing in a professional directory of any type or a telephone directory or radio or television advertisement.
- 6) Not use any sign or advertise that such person, either alone or with any other person has, owns, conducts or maintains a professional office or office of any kind for the practice of the profession or that such person is entitled to practice, and such person shall promptly remove any sign suggesting ability of the disciplined practitioner to practice the profession.
- 7) Cease to use any stationery whereon such person's name appears as a professional in practice. If the practitioner was formerly authorized to issue written prescriptions for medication or treatment, such prescription pads shall be destroyed if the license was revoked. If the license was suspended, the prescriptions shall be destroyed or shall be stored in a secure location to prevent theft or any use whatsoever until issuance of a Board Order authorizing use by the practitioner. Similarly, medications possessed for office use shall be lawfully disposed of, transferred or safeguarded.

8) The disciplined licensee shall require that for a six-month period following the start of a suspension or revocation of license, a message be delivered to those telephoning the former office premises advising former patients where they may obtain their records. The message may inform callers that the practice is now being conducted by (another) named licensee, and the new telephone number of that licensee may be announced. The same information shall be disseminated by means of a notice to be published at least once per month for the same six month period in a newspaper of general circulation in the geographic vicinity in which the professional practice was conducted.

9) Not share in any fee for professional services performed by another professional following the suspension, revocation or surrender of license, but the practitioner may be compensated for the reasonable value of the services lawfully rendered and disbursements incurred on the patient's behalf prior to the effective date of the suspension, revocation or surrender.

10) Use of the professional premises. The disciplined licensee may allow another licensee to use the office premises formerly occupied by the disciplined licensee on the following conditions only:

(a) The new licensee shall conduct the practice in every respect as his/her own practice including billings, claim forms, insurance provider numbers, telephone numbers, etc.

(b) The disciplined licensee may accept no portion of the fees for professional services rendered by the new licensee, whether by percentage of revenue, per capita patient, or by any other device or design, however denominated. The disciplined licensee may, however, contract for or accept payment from the new licensee for rent (not exceeding fair market value) of the premises and/or equipment.

(c) No use of name of disciplined licensee or personally owned office name or tax or provider identification number.

1. Where the disciplined licensee was using an individual IRS number or where the licensee was the sole member of an incorporated professional association or a corporation, the disciplined licensee may contract to rent the office premises to a new practitioner. The new practitioner must use his/her own name and own provider number on all bills and insurance claim forms. Neither the name nor the number of the disciplined licensee may be used. When the licensee of a sole practitioner has been revoked, a trade name must be cancelled and a professional service corporation must be dissolved.

2. Where the disciplined licensee is a member of a professional group which uses a group-type name such as the ABC Medical Group. The disciplined licensee must arrange to have his/her name deleted, covered up or otherwise obliterated on all office signs, advertisements published by the group after the effective date of the Board disciplinary Order and on all printed billings and stationery. The other group members may continue to function under the incorporated or trade name, minus the name of the disciplined licensee, and may continue to use its corporate or professional identification number.

11) Report promptly to the Board compliance with each directive requiring moneys to be reimbursed to patients or to other persons or third party payors or to any court, and regarding supervisory reports or other special conditions of the Order.

12) A practitioner whose license is surrendered, revoked or actively suspended for one year or more shall conduct him/herself as follows:

1) Promptly require the publishers of any professional directory and any other professional list in which such licensee's name is known by the disciplined licensee to appear, to remove any listing indicating that the practitioner is a licensee of the New Jersey State Board of Medical Examiners in good standing.

2) Promptly require any and all telephone companies to remove the practitioner's listing in any telephone directory indicating that such practitioner is a practicing professional.

13) A practitioner whose practice privileges are affected by a Board disciplinary Order shall, within 30 days after the effective date of the Board Order, file with the Secretary of the Board a detailed affidavit specifying by correlatively lettered and numbered paragraphs how such person has fully complied with this directive. The affidavit shall also set forth the residence or other address and telephone number to which communications may be directed to such person. Any change in the residence address or telephone number shall be promptly reported to the Secretary.

14) Where the Board has stayed any part of a suspension order to allow professional practice on probation or on specified practice conditions, the licensee shall fully cooperate with the Board or designated representatives, including the Enforcement Bureau, in ongoing monitoring of the licensee's status and practice.

a) Monitoring of practice conditions may include, but is not limited to, inspection of the professional premises and equipment, and inspection and copying of patient records (confidentiality of patient identity shall be protected by the Board) to verify compliance with Board Order and accepted standards of practice.

b) Monitoring of status conditions may include, but is not limited to, licensee cooperation in providing releases permitting unrestricted access to records and other information to the extent permitted by law, from any treatment facility, treating practitioner, support group or other individual/facility involved in the education, treatment, monitoring or oversight of the practitioner, or maintained by a rehabilitation program for impaired licensees. If bodily substance monitoring has been ordered, the licensee shall fully cooperate by responding to a demand for breath, blood, urine or other sample in a timely manner and providing the designated sample.
